

# What's New on CCLS Website?

1. There are three main categories on Library system Web Site. The categories are:
  - a. Find a Library - list of 18 libraries in our library system
  - b. Find a resource- 5 sub categories : Catalog, Research Resources, Books, Movies and Music, Kids and Teens
  - c. Find an Event - a calendar feature with time and category search available
2. "Find Help" link includes How Do I?, Ask a Librarian, Live Homework Help and WiFi@your Library. It is always located on the Right side of the Page.
3. Spanish version of the website or Español- Look for it at top of the screen. To return to English Page, close the Spanish Window.
4. Google Site Search is available on our website. Under Site, type in a topic and let Google search our site.
5. Site Map- link at the bottom of the screen. This is an navigational aid that will give locations of all web pages of a website for the users of the website.
6. CCL Business INC is located Under "Find a Resource", Research Resources
7. Fast Facts and Regional Information are under "Find a Resource", Research Resources and Websites by Subject
8. Under CCLS News on first page of Website- New Library services will be highlighted and direct links will be provided.
9. Chester County Library Departments information will be located under "Find a Library" , Chester County Library and choose Departments sub category
10. The "Search feature" is on the left side of the screen and has four options which are Databases, Catalog, Web and Site searches. The Databases search uses the WebFeat service. The WebFeat concept is simple: search any or all of your library's databases simultaneously with a single intuitive interface. The Catalog search is the Online Library Catalog search for our library system. The Web search opens a Google Search Page and the Site search takes the user to our Sitemap.
11. Bread crumb locator is on each page to make navigation easier. Breadcrumbs are becoming a standard way of telling the website visitor where they are when navigating a site. Here is an example: Home > Find a Resource > Research Resources. It informs the visitor of Main Menu and then sub category(ies) so you easily can navigate back to Home at anytime.
12. Additional features on our new website are : Printable Version and AA Text which are located in the upper right corner of the page. Printable version is a simplified version of the webpage without navigation tools such as on-screen menus. In a printable version pages generally consist of plain text and pertinent images. AA Text feature is used for the font size and style. The text can be made larger or bolder for the user who has that need for viewing the screen differently.
13. External links to our website (non-www.ccls.org links) open in a new window. Simply close the new window to return to www.ccls.org
